

MARE APPROVAL / FOAL REGISTRATION

2-STEP APPROVAL PROCESS

The Continental Studbook approves mares in a simple 2-step process. First, submit the application form, copies of the mare registration papers, identifying photographs and other information if needed. Second, the applicant receives a veterinary health form from the Studbook for signature and return. DNA sample collection forms are included in step 2 if necessary.

For 2009, veterinary inspection is waived for previously approved breeding mares with prior inspection by core WBFSH-member registries. Mares must be recorded into the top mare books of the registry for waiver of veterinary inspection. Please attach copy of published inspection results, site inspection result sheet, results entry on registration papers or other documentation to waive veterinary inspection.

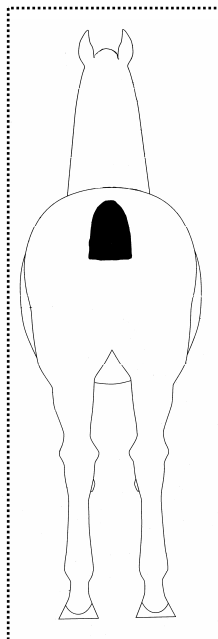

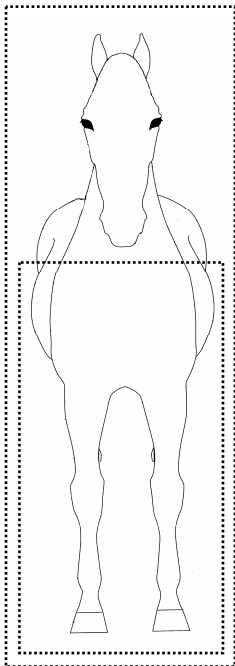

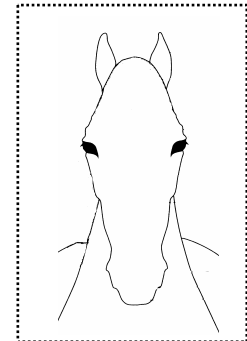

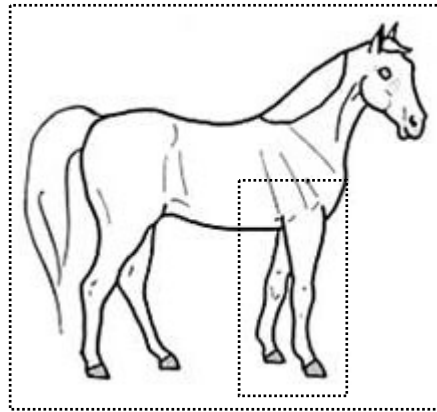

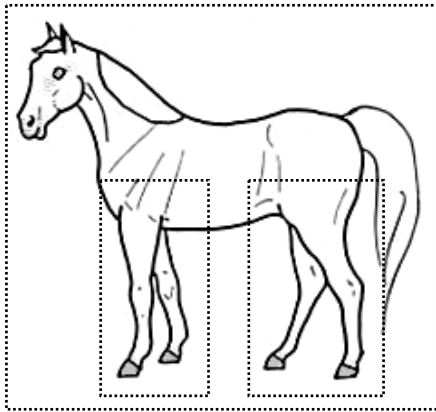

APPLICATION CHECKLIST

- Copy of mare's registration papers with pedigree, current owner and description of markings.
- Copy of lease agreement if mare was leased for breeding.
- Submit identification/conformation pictures of mare. See instructions.
- Submit identification pictures of foal. See instructions.
- Complete information in the 2 page application form. Leave page 2 blank if the form is being used to only approve a mare for breeding, i.e., no foal is being registered.
- Do not forget payment information and signature on page 1, or a check payable to CONTINENTAL STUDBOOK.
- Signatures on page 2.
- Attach any other information if desired, including proof of top mare book approval and entry into core WBFSH-member registries to waive veterinary inspection.

IDENTIFICATION/CONFORMATION PHOTOGRAPHS

The required identification/conformation photographs may be submitted by email or anonymous FTP (instructions not yet available). They may also be mailed to the registrar address on CD or DVD media in combination with the application form. For those without digital cameras, print photos should be mailed in combination with the application form.

When submitting digital photographs, files should be formatted as JPEG (or .jpg) images with minimum resolution of 2048 x 1536 pixels. Cell phone cameras may have sufficient resolution, but optics quality may produce poor detail resulting in request for additional photos.

IDENTIFICATION/
CONFORMATION VIEWS:

- | | | |
|-----|--------------------------|--------------|
| 1. | Left Side | Mare or Foal |
| 2. | Right Side | Mare or Foal |
| 3. | Head – Front | Mare or Foal |
| 4. | Front | Mare or Foal |
| 5. | Rear | Mare or Foal |
| 6. | Chest/Fore Leg – Front | Mare |
| 7. | Fore Leg- Left | Mare |
| 8. | Fore Leg – Right | Mare |
| 9. | Hind Leg – Left or Right | Mare |
| 10. | Bite – Front | Mare |
| 11. | Bite – Side | Mare |
| 12. | Lip Tattoo (for JC only) | Mare |
| 13. | Any unique body markings | Mare or Foal |

INSTRUCTIONS FOR COMBINED MARE APPROVAL / FOAL REGISTRATION FORM

MARE OWNER INFORMATION:

Please fill out contact information for the owner of the mare. Check whether the mare is owned by the breeder or is on breeding lease (attach copy of lease agreement). If the breeder owns the mare and a foal is being registered, this section can be left blank.

MARE INFORMATION:

Please enter the information for the mare. Complete the check boxes to note whether or not the mare has been previously DNA recorded (either as a foal or at inspection/approval). If there are no prior registry approvals or progeny or performance records, please leave these sections blank.

PAYMENT AND BILLING TOTAL:

Make checks payable to CONTINENTAL STUDBOOK. Visa, Mastercard and Discover are accepted, as is VISA debit card.

FOAL INFORMATION:

Enter the first three name choices for the foal using American English characters and apostrophes only. Names may be up to 24 characters in length. Foal names may begin with any letter, and some breeders choose to follow naming convention of the foals pedigree (e.g., Dutch, Holsteiner or French lettering conventions). Please avoid using names of obviously famous horses.

Enter whether the breeding was performed with fresh or frozen semen (no surcharge). Enter the method of breeding using live cover, artificial insemination with the mare carrying the foal, embryo transfer, oocyte transfer, ICSI or cloning.

BREEDER INFORMATION:

Enter contact information for the breeder of the foal. If the foal is to be registered under ownership of the breeder which is a sole proprietorship, partnership, LLC or other business entity, please enter the Federal Employee Identification Number (FEIN). Otherwise, the person named in the contact information is listed on the Certificate of Registration. Farm name is also listed if given.

FOAL OWNER INFORMATION:

Check whether the breeder is the owner of the foal or whether it has been sold. If the breeder is the owner of the foal, leave this section blank.

Enter contact information for the owner of the foal if it was sold under an in-utero contract or sold prior to registration (no fee for ownership transfer at initial registration).

If the foal is to be registered under ownership of a sole proprietorship, partnership, LLC or other business entity, please enter the Federal Employee Identification Number (FEIN). Otherwise, the person named in the foal owner or breeder information is listed on the Certificate of Registration. Farm name is also listed if given.

STALLION OWNER/AGENT INFORMATION:

Please entire information on the stallion used for breeding. Please enter the contact information for the owner or agent from which the breeding or semen was purchased.
